DESIGNER'S TIP

This piece also makes a beautiful bell pull. To complete, simply add a cotton backing fabric and seam round three edges leaving the top seam open. Turn right sides out and fold the top seam over to the back leaving a casing in which to insert the bell pull hanger. Tuck in raw edges and slip stitch closed.

Back Stitch

 782	 310

HOLBEIN STITCH

Firstly work a row of evenly spaced running stitches. When this is complete, work your way back along the line of stitching filling in the gaps to give a continuous line of stitching. This stitch should look identical on both sides of the fabric.
